

BHS PRESCHOOL EDUCATION

The Class You Will Never Forget!

**PRESCHOOL EDUCATION IS A
TWO CREDIT, YEAR LONG
COURSE.**

Students will plan lessons, prepare materials, and teach our amazing, adorable preschoolers from October - May.

HAVE TO SAY ABOUT THEIR
EXPERIENCE IN
PRESCHOOL....

Preschool is a very fun class. It is awesome because you get to make an impact on the younger generation. You get to also make a wonderful connection with a child and get to see them grow throughout the year.

I truly recommend to take Preschool next year! I am in the first and second period class and preschool was a great start to my day. It's great to see the impact we make on the younger students and see how they grow throughout the year! Also, this is a great class if you want to go into education in the future! Sometimes the class may be difficult, but at the end of the day it feels great to see the success these students have at the end of the year!

For anyone thinking about taking preschool, I highly recommend. The class is super fun and highly rewarding. To be able to be a role model to young kids and have them look up to you is really a feeling like no other.

As I went into senior year, I heard so many people talk about how great preschool class was. When I started with the preschoolers, they were awesome. In no time you realize how close you get to your preschooler and realize that they become a major part of your day. It's such a great break in your actual school day to sit down and spend time with the preschoolers trying to help them grow and learn. I never would have thought my preschooler and I would be this close. It is a great opportunity and I highly recommend it.
